

2007-01 implementation survey

Discussion

Piotr Strzyżewski

Silesian University of Technology, Computer Centre

Reason(s)

- not (yet) a formal proposal/request; just testing the waters
- (my own and some friends) mixed feeling after/during 2007-01 implementation (resource transfers)

Proposal

- Maybe we should ask RIPE NCC to take a survey and ask its members about their experience with 2007-01 implementation

Goal

- Take the feedback from members and modify internal procedures (if necessary)

Pros

- Better procedures! 😊

Questions?
