Task Force

2008-08 Where are we?

- What is it?
- What are the problems?
- What are possible solutions?

What is it?

- Define a policy for signing allocated address blocks
 - PA only
 - RIPE NCC members only
 - Includes revocation by RIPE NCC under some circumstances (closure of LIR, security breach)
 - Go read the policy for details
- Small extension of existing allocation policy

What are the problems?

- Contractual issues
 - Money
- Legal issues
 - Policemen
- Disputes
 - Lawyers
- Errors
 - Fat fingers

Solutions: Contractual Issues

- Never revoke for contractual reasons
 - Expiry time to be reserved for future study
- No current revocation policy
 - Create one

Solutions: Legal Issues

- Only allow the owner to revoke
 - Not sure if this is possible
 - Talk to KPI people

Solutions: Disputes

- Never issue a certificate for an object under dispute.
 - Dispute procedure

Solutions: Errors

- Don't make mistakes
 - Reduce as far as possible with process
 - Needs further study
 - Self revocation may help.

Questions? (Not Discussion)
